

Online Privacy Statement

The responsible use of personal information collected on this website is critical to the business objectives and reputation of MAS Real Estate Inc. ("MAS", "we", "us"). As part of our commitment to privacy, we have adopted this online privacy statement.

The extent and type of personal information we receive via this website depends entirely on the information you provide to us. MAS recognises its responsibility for protecting the online privacy of your personal information. We only use your personally identifiable information to respond to requests submitted via the "Contact Us" details quoted on our website, unless we have obtained your permission to use your personal information for other purposes.

The personal information you provide to us will be retained only for as long as necessary to fulfil the purposes for which the information was received, or for as long as is required by law. We do not share personal information with third parties except to carry out our business or as required by law or other legal processes. We will never sell your personal information.

Personal information collected by MAS may be transferred to other group companies and their agents only where it is necessary to meet the purposes for which you have submitted the information. When we share information with other group companies and their agents, we put arrangements and security mechanisms in place to protect the information and to comply with our data protection, confidentiality and security standards.

If, in order to respond to your enquiry, we need to share your information with other group companies and their agents who are located in different jurisdictions, we ensure they apply equivalent levels of protection. Countries in the European Economic Area and those that have been awarded an adequacy ruling by the EU are considered to be secure. Personal information can flow freely between those countries because they provide equivalent levels of protection and their laws give you the same rights and protections in relation to your personal data. For other international transfers of personal information, we assess arrangements and security mechanisms in place to protect the information you provide to comply with our data protection, confidentiality and security standards.

This privacy policy gives you an overview of the ways in which we process your personal information. If you have questions, comments or complaints about the way we administer or process your personal information or have any concerns regarding compliance with this Online Privacy Statement, please contact us at info@masrei.com.

Whilst we prefer you to contact us to discuss your concerns, you also have the right to make a complaint to the Isle of Man Information Commissioner at ask@inforights.im.
